## La Chanson De Salomon:

**Les livres de Salomon** Sébastien Castellion,Nicole Gueunier,Max Engammare,2008 In 1555 Sébastien Castellion's translation of the Bible into French was published by Johann Herwagen in Basle. This volume presents his translation of the books traditionally attributed to Salomon: Proverbs, Ecclesiastes, Song of Songs and studies their exegetical context with regard to the influence of the Protestant reformation French text. **The Real Tales of Hoffmann** Vincent Giroud, Michael Kaye, 2017-06-08 Of all operas in the standard repertory none has had a more complicated genesis and textual history than Offenbach's *Tales of Hoffmann*. Based on a highly successful 1851 play inspired by the short stories by the German Romantic writer E.T.A. Hoffmann, the work occupied the last decade of Offenbach's life. When he died in October 1880 the work was being rehearsed at the Opéra Comique. At once cut and rearranged the work was performed from the start in versions that ignored the composer's final intentions. Only a few decades ago when previously unavailable manuscripts came to light it became possible to reconstitute the score in its real form. Vincent Giroud and Michael Kaye's *The Real Tales of Hoffmann* tells the full story for the first time in English. After discussing how the work of Hoffmann became known and influential in France the book includes little known sources for the opera especially the complete *Barbier* and *Carré* play in French and English. It describes the genesis of the opera. The annotated libretto is published in full with the variants for the two versions of the opera with spoken dialogue or recitatives. Essays explain what was done to the opera after Offenbach's death from the 1881 Opéra Comique production to more recent restoration attempts. There is also a survey of *Les contes d'Hoffmann* in performance from the 1970s to the present and supplementary information including discography, filmography and videography. *The Real Tales of Hoffmann* is intended to appeal to anyone interested in the work specialists or non-specialists. Audiences, musicologists and students of French opera and opéra comique will find it of particular interest as will opera houses, conductors, singers, directors and dramaturgs involved in performances of the opera.
