The British Intervention In Transcaspia 1918 1919:

The British "intervention" in Transcaspia, 1918-1919 Charles Howard Ellis, 1963 Intervention by British Indian troops in Transcaspia in 1918 and the temporary occupation of the great oil city of Baku by a British force from N W Persia were to give rise to a controversy that continues today This little known military venture hardly more than a sideshow of the First World War has assumed considerable importance because of its use in Soviet Cold War propaganda in an area vital to the defense of the Western World Colonel Ellis who took part in the operations in Transcaspia and was an eyewitness of many key events is the first to give a detailed authoritative account of what really happened In the Soviet view Britian with the connivance of American capitalism perpetrated a deliberate act of aggression as part of a long term plan to seize and colonise Russian Central Asia but from the British standpoint it was simply part of a hastily improvised plan to block a Turko German advance through the Caucasus to India and Afghanistan Colonel Ellis shows how the two contrasting versions arose and throws light on the strange episode of the twenty six Bolshevik Commissars supposedly shot on British orders and in the presence of British officers in the desert to the east of Krasnovodsk in 1918 [The British Intervention In Transcaspia 1918 1919](#) C. H. Ellis, 2023-07-18 *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917 1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state *The British Intervention in Transcaspia 1918 1919 - Scholar's Choice Edition* C. Russia's Protectorates in Central Asia Seymour Becker,2004-08-02 This book examines the Russian conquest of the ancient Central Asian khanates of Bukhara and Khiva in the 1860s and 1870s and the relationship between Russia and the territories until their extinction as political entities in 1924 It shows how Russia's approach developed from one of non intervention with the primary aim of preventing British expansion from India into the region to one of increasing intervention as trade and Russian settlement grew It goes on to discuss the role of Bukhara and Khiva in the First World War and the Russian Revolution and how the region was fundamentally changed following the Bolshevik conquest in 1919 20 The book is a re issue of a highly regarded classic originally published in 1968 and out of print for some years The new version includes a new introduction some corrections of errors and a survey of new work undertaken since first publication
