The Business Game:

Playing the Business Game: Decoding Business Genres Shubhrangshu Barman Roy, Deepak Panda, 2022-08-18 Over the past few years books like Zero to One 10X Rule 10X growth machine Zero to IPO and many more have captured the entrepreneur's mind space. They have undoubtedly propelled the new generation of entrepreneurs to think Big and Non Linear. The results are for all of us to see. Consumers have moved from being kings to emperors; however, the business results are a mixed bag, highly skewed towards the south. But again, we are no one to judge. However, we believe that based on the work we have done for the last 25 years, the south skewness is because only a tiny portion of the businesses understand the relationship between thinking, execution, and its impact on the financial result. We try and decode these business genres; we believe running a business is like delivering an orchestrated performance every day for years to come and put forth the basis, the model, and pros and cons of the businesses.

Busting Loose From the Business Game Robert Scheinfeld, 2011-01-04 The Business Game here's how you can win. Are you a business owner, manager, or employee who struggles with Taxes, cash flow, sales, and profits, Marketing and advertising effectiveness, Hiring, motivating, and managing talent, The economy, stock market, and competitors, Bosses, boards, stockholders, and partners, Never-ending to-do lists, and sacrificing your quality of life to succeed? If you answered yes to any of these, you've been playing The Business Game and suffering the consequences. Even if you're rolling in profits right now, there are hidden costs you're paying to earn that money; money that's always at risk. You learned the rules, and you've been faithful to them, thinking you can win. But you can't really win The Business Game because it's designed to be unwinnable; that is, as long as you play by the rules you were taught. The only way to truly win is to bust loose from the old game and start playing a new game with a new set of rules. This book helps you discover who you really are, what you're really capable of, and how you can tap new sources of power, wisdom, and abundance to radically transform your experience of business. When you bust loose from the old game, you'll suddenly be playing a new game. For the sheer pleasure of playing with no worries about sales, marketing, profits, cash flow, taxes, other people, or personal income. Entirely unaffected by the economy, stock market, competitors, or technological innovation. Having more fun with less effort than you've ever experienced. Doing only what you love to do all day every day. Watching as amazing results come your way without having to make it happen. It may sound unbelievable, but it's entirely possible. You can do it if you open your mind and embrace the strategies in this book. Busting Loose from The Business Game leads you into a New Business Game filled with results and satisfaction beyond anything you've ever imagined possible. Read on and bust loose.
