Annual Report of the Officers and Directors of the Northern Indiana State Prison for the Year Ending December 15, ... to the Governor Northern Indiana State Prison, 1871 **Contesting the Philippines** Steven

Rood,Veronica L Taylor,2024-05-09 The Duterte administration 2016-2022 marked the return of an authoritarian style of rule in the Philippines. It was also accompanied by an economic recovery that was better than many expected at least until the onset of the COVID 19 pandemic. Both during and following the Duterte period the country was buffeted by a series of internal and external shocks that called into question the state's legal and social policy contract with its citizens. This period of contesting the Philippines was an intense normative and practical struggle to shape or reshape some of the Philippines' most critical institutions: the Constitution, the presidency, the Supreme Court, and the rule of law, the free press, regional autonomy, and independent regulatory institutions. These developments energized many domestic policy actors: technocrats, the business sector, civil society organizations, the police, and the military, armed groups, and religious leaders across the spectrum of Filipino politics. This volume considers some key sites of contestation between and among domestic policy actors, including the executive, during this eventful period for political and legal institutions in the Philippines.

Murder by Masquerade
Doris R. Meredith, 1991. The Boulevard Butcher is preying on the prostitutes plying their trade on the night streets of Amarillo. With two women slaughtered, all the police have to go on is a taunting letter from the maniac. Now Texas lawyer John Lloyd Branson, hired by one of the victims before her demise, finds a familiar method in the madness that of one of history's most notorious serial killers. And if Branson's hunch is right, the last murder will be the most unspeakable.

Jenna Weissman Joselit traces the origins, nature, patterns, location, and impact of Jewish crime from the early years when it was inextricably bound up with the East Side community as a whole, with criminals living among the more or less law-abiding citizens they preyed upon to the post-World War I period and the gradual assimilation and absorption of Jewish crime into the mainstream of the American underworld. Parallel with this theme is a broader one: the New York Jewish community's reaction to Jewish crime, evolving from disbelief to denial to concern and the establishment of a network of correctional and preventive agencies, and finally as the nature of Jewish crime changed and as the community itself felt a growing sense of security, a sort of acceptance.
