## **The Byrom Collection And The Globe Theatre Mystery:**

The Byrom Collection and the Globe Theatre Mystery Joy Hancox,1997-01-01 Among the Collection's precise geometric drawings of little observed features of Westminster Abbey the Temple Church in London King's College Chapel in Cambridge and Milan Cathedral are what purport to be the setting out plans for the original Globe Theatre the Rose and five other Elizabethan playhouses The author made these extraordinary documents available to researchers involved in rebuilding the Globe on Bankside who chose to discount their validity and Joy Hancox's interpretation of them Since then archaeological excavations at the Globe site have lent support to the accounts in this book Now that the new theatre is completed it is already receiving criticism for its size inadequate acoustics and poor sightlines As the author reveals in her new Preface to the paperback edition of her book her own interpretation of the Byrom drawings would result in a smaller structure of only eight sides in which an overall harmony of design comes together to provide good sightlines and good acoustics Additional evidence is provided in a new book to be published shortly by Professor John Gleeson of the University of San Francisco in support of the Globe plans found in the Byrom Collection Even more remarkable the concept behind all these architectural designs

**Me and Shakespeare** Herman Gollob,2003-09-09 On the eve of retiring from a successful publishing career Herman Gollob attends a wonderful Broadway production of Hamlet starring Ralph Fiennes Galvanized by the splendor of the language the drama and the acting he discovers an insatiable passion for all things Shakespeare He reads broadly and deeply about the plays discusses them with some of the great actors directors and teachers of our time and soon finds himself teaching a popular Shakespeare class at a small New Jersey college Gollob's quest leads him to Shakespeare's birthplace in Stratford on Avon to the Folger Shakespeare Library in Washington D C to a summer course on Shakespeare at Oxford and to London's recently rebuilt Globe Theatre As he pursues his glorious new obsession Gollob reflects on his family's bittersweet history his encounters with writers and the emergence of a Jewish identity that inspires some original ideas about Shakespeare's plays *Me and Shakespeare* is a joyful memoir that attests to the power of literature to re invigorate our lives at any age

Stephenson, 2013-07-18 To many Jung and Moreno seem to be on opposite sides in their theories and their practices of psychotherapy Jung defines self as emerging inwardly in an intrapsychic process of individuation Moreno defines self as enacted outwardly in psychosocial networks of relationships Jung and Moreno Essays on the theatre of human nature shows how Jung and Moreno can be creatively combined to understand better and facilitate therapeutic work Craig E Stephenson and contributors write about how and why they put together Jung and Moreno They describe and discuss psychodrama sessions grounded in the fundamentals of Jung's analytical psychology as well as dream and fairy tale enactments and individual psychoanalytical sessions in which they employ psychodramatic techniques The essays retheorize Jungian concepts of transference and complexes in the light of Moreno's insights They reframe and deepen traditional psychodramatic techniques by securing them within Jung's archetypal context Jung and Moreno challenges our understanding of healing practices and the integration of spontaneous unconscious processes bringing these two ground breaking practitioners to meet collaboratively in the theatre of human nature The contributions are original and insightful arguments by nine important thinkers This book will be of interest to psychotherapists analytical psychologists psychoanalysts psychodrama practitioners drama therapists and students

**Historical Dictionary of London** Kenneth John Panton, 2001-11-19 Panton details London's growth from its foundation in Roman times to its modern place as one of the world's preeminent financial commercial and cultural capitals Entries cover general themes such as immigration housing street markets and health care as well as specific topics including individual historic buildings financial institutions museums transport modes major city center hotels and West End theaters Significant contributors to the city's government such as the legendary Dick Whittington also receive attention along with immigrant groups and major events such as the Great Fire the Great Plague the development of the subway system and the growth of the Stock Exchange In addition a chronology details

major events there are lists of Lord Mayors and leading local government officials and a table outlines population growth over the last two hundred years Appendices contain borough council contact information and world wide web addresses which provide access to additional information through the Internet Maranatha Priory Publications Ltd,2005 Maranatha Et in Arcadia Ego is a treasure hunt book with a prize fund of one million pounds Sterling Written in a treasure hunt style this book is the first in a series of four books The treasures revealed in the Maranatha series are the culmination of more than 12 years of research Anyone can win the prize A reader does not have to have prior knowledge of the subject matter All the clues are in the pages of the book The publication itself is divided into two halves one half filled with direct historical knowledge and the second half is a simple coded passage that offers the start of a journey for a genuine truth Maranatha Et in Arcadia Ego is not offering theory it presents only facts The first person to de code the book will not only have discovered the Key but will have learned how to claim the prize of 1 000 000 Charity Declaration One third of Priory Publications GB Limited net profits are donated to registered worldwide charities Eurythmy as Visible Singing Rudolf Steiner,2019-10-23

The study of music is the study of the human being The two are inseparable and eurythmy is the art which brings this most clearly to expression In these lectures Rudolf Steiner guides us along a path toward an understanding of the human form as music comes to rest the movements of eurythmy bringing this music back to life Dorothea Mier Fundamentally speaking music is the human being and indeed it is from music that we rightly learn how to free ourselves from matter Rudolf Steiner The focus of these eight lectures is the source of movement and gesture in the human being The movement in musical experience is thus traced back to its origin in the human instrument itself Like the degrees of the musical scale Rudolf Steiner leads his select audience of young artists through eight stages focusing on the living principles of discovery and renewal Eurythmy was born in the turbulent decades of the early twentieth century From an individual question as to whether it was possible to create an art based on meaningful movement Rudolf Steiner responded with fresh creative possibilities for a renewal of the arts in their totality The new art of eurythmy was an unexpected gift Today music eurythmy along with its counterpart based on speech is practiced as an art taught as a subject in schools enjoyed as a social activity and applied as a therapy This definitive translation of Steiner's original lecture course on eurythmy includes a facsimile transcription and translation of the lecturer's notes together with an introduction and index The volume is supplemented with an extensive companion featuring full commentary and notes compiled by Alan Stott as well as a translation of Josef Matthias Hauer's *Interpreting Melos* Whitaker's Books in Print ,1998 **The Sacred Art of Geometry** Nigel Pennick,2005 Features the principles of classical sacred geometry and application to churches built in London after the great fire of 1666 This title also provides background in symbolism and emblemata *Number and Geometry in Shakespeare's Macbeth* Sylvia Eckersley,2007 In the Renaissance world artists and architects often composed their canvasses and buildings according to numerical and musical harmonies Many major poets including Dante Spenser and Milton did the same in their

work Shakespeare's poems have been analysed for their numerology but surprisingly his plays have not. Sylvia Eckersley had studied scene symmetry in Shakespeare's plays and was struck by the exact middle lines of Macbeth as numbered on a First Folio edition. See they encounter thee with their harts thanks Both sides are even heere Ile sit i th mid st She was inspired to investigate further and this book is the fascinating result. She has uncovered never before documented number patterns and rhythms in Macbeth which could profoundly influence future interpretations and productions of the great play. This is an important book for Shakespeare scholars and numerology experts alike. *Catalogue of the Barton Collection* Boston Public Library.
