The Call of the Torah: Shemos Elie Munk,1992-12-31

*The Nineteen Letters* Samson Raphael Hirsch,Joseph Elias,1995

**Signs and Secrets of the Messiah** Rabbi Jason Sobel,2023-09-19 Are you or someone you love desperate for a miracle As witnessed through Scripture the God who was and is and is to come has been performing miracles from the beginning of time so you can trust that Jesus wants to do something miraculous in your life today In this follow up to his book *Mysteries of the Messiah* Rabbi Jason Sobel dives deep into Scripture biblical culture and ancient texts to help you better understand the truths and the power behind God's miracles and to increase your faith that Jesus can perform miracles in your life By taking a deeper look at Yeshua's miracles Rabbi Jason reveals promises for all Christ followers based on miracles throughout Scripture Jesus takes the ordinary and turns it into something extraordinary because He wants you to live out of His overflow He turned water into wine Jesus wants to renew you so that He can do something new in you He revealed to Nicodemus the miracle of rebirth You can stop wandering aimlessly or feeling stuck in your current situation but instead experience abundant life and healing He healed the man at the Pool of Bethesda God wants to bless you abundantly so you in turn can bless others and sow into His kingdom Jesus multiplied the loaves and fish As you go on this journey with Rabbi Jason a Messianic Jew he is praying that God will lead you to new insights and breakthroughs in your life And as God reveals Himself to you in a fresh and powerful way you will be filled with a sense of His presence and shalom 2003,  This extremely popular haggadah anthology features numerous anecdotes vignettes and themes from the lives of our great Torah scholars most of them previously unpublished With great skill and wisdom the author weaves together a collection of Torah insights that are both inspiring and intellectually stimulating Offers the haggadah text in Hebrew and English and all commentary in English The Morality of Self-Defense and Military Action David B. Kopel,2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God's will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the strongest arguments on both sides of the issue The book begins with the ancient Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based

**Between Faith and Reason** Dr. Martin Sicker,2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths
