In the Shadow of the Alabama Renata Eley Long, 2015-06-15 This book looks at an allegation of betrayal made against a young Foreign Office clerk Victor Buckley who it was claimed leaked privileged information to agents of the southern States during the American Civil War As a consequence the CSS Alabama narrowly escaped seizure by the British government and proceeded to wage war on American shipping Victor Buckley s background is examined against the hitherto erroneous belief that he was an insignificant member of the foreign office staff The American minister Charles Francis Adams oversees a network of spies endeavoring to prove contravention of The Foreign Enlistment Act The South s agents Captain James D Bulloch and Major Caleb Huse are the prime targets and a battle of wits ensues as Bulloch oversees construction of his ships on Merseyside A member of a prominent City family offers to enlist the help of a relative who he claims holds a confidential position in the Foreign Office The Confederate agents are soon receiving information about the status of Anglo American diplomacy and are able to outwit the Union spies and dispatch arms and supplies to the South Their coup d tat is achieved with the arrival of a message that hurries the Confederate s most formidable warship out of British waters After the escape of the Alabama the government moves to curtail Bulloch s operations When the war ends in 1865 investigations begin into the circumstances surrounding the Alabama s departure As America demands reparation evidence apparently incriminating Victor Buckley is acquired but before the claim reaches its hearing in Geneva diplomatic moves some involving Anglo American Masonic influence result in a treaty and ensure that no allegation is made against any individual member of foreign office staff Queen

Victoria anxious to see the Alabama claims settled is spared embarrassment A scandal erupts in the foreign office in 1878 as a freelance clerk Charles Marvin leaks sensitive information to the press and subsequently writes of his experiences revealing much of the ethos of the office pertinent to Buckley s story The writer Arthur Conan Doyle becomes fascinated by Anglo American diplomacy and the Alabama question and soon after joining a London gentlemen s club where Buckley s alleged contact is a member writes a Sherlock Holmes story involving a Foreign Office clerk s apparent betrayal Coincidentally Conan Doyle has been acquainted with Buckley s associate some years earlier and he soon makes a thinly veiled appearance in a fictional work by England s most famous crime writer **Ironclad Captains** William Norwood Still (Jr.),1988 *The Civil War in Books* David J. Eicher,1997 With the assistance of several scholars including James M McPherson and Gary Gallagher and a long time specialist in Civil War books Ralph Newman David Eicher has selected for inclusion in *The Civil War in Books* the 1 100 most important books on the war These are organized into categories as wide ranging as Battles and Campaigns Biographies Memoirs and Letters Unit Histories and General Works The last of these includes volumes on black Americans and the war battlefields fiction pictorial works politics prisons railroads and a host of other topics Annotations are included for all entries in the work which is presented in an oversized 8 1 2 x 11 inch volume in two column format Appendixes list prolific Civil War publishers and other Civil War bibliographies and the works included in Eicher s mammoth undertaking are indexed by author or editor and by title Gary Gallagher s foreword traces the development of Civil War bibliographies and declares that Eicher s annotation exceeds that of any previous comprehensive volume *The Civil War in Books* Gallagher believes is precisely the type of guide that has been needed The first full scale fully annotated bibliography on the Civil War to appear in more than thirty years Eicher s *The Civil War in Books* is a remarkable compendium of the best reading available about the worst conflict ever to strike the United States The bibliography the most valuable reference book on the subject since *The Civil War Day by Day* will be essential for college and university libraries dealers in rare and secondhand books and Civil War buffs *The Journal of George Townley Fullam, Boarding Officer of the Confederate Sea Raider Alabama* George Townley Fullam,1973 The journal of George Townley Fullam provides a daily account of the activities of the Confederate commerce raider CSS Alabama from its launching in 1862 to its destruction in 1864 Fullam was a boarding officer on the Alabama with responsibility for inspecting and evaluating prize cargoes arranging the transfer of valuables and crewmen and burning the captured merchantmen and their often precious stores His journal conveys concerns and a point of view somewhat different from that of a ship s commander or other line officer Dr Charles G Summersell s annotations serve to clarify and expand upon the journal s terse entries and relate its content to previously published material providing the reader with a connected narrative view of proceedings aboard the Alabama In his introduction to the Journal Dr Summersell recounts no only indispensable general background but fascinating detail regarding Fullam his family and the dramatic circumstances whereby certain dedicated Mobilians acquired the highly
