Lentz III, 2009-12-29 This is a filmography in two volumes of not only all of the English language movies made during the 1960s that had a U S theatrical release but major foreign films exhibited in the United States as well The following information is provided for each film year of release nation of origin if other than the U S production or distribution company black and white or color running time genre production credits cast and characters and a brief synopsis This turbulent decade is unusually interesting in the history of cinema Those films released in the early part of the decade were similar to those of the 1950s but as the years passed the offerings changed in many ways *Re-Viewing British Cinema, 1900-1992* Wheeler W. Dixon, 1994-07-01 *Re-Viewing British Cinema 1900 1992* is a collection of essays on British cinema history and practice It offers both the casual reader and the film scholar a different view of British filmmaking during the past century Arranged in chronological order the book explores those areas of British cinema that have not been fully examined in other works and also offers fresh interpretations of a number of classic films From the work of Frederic Villiers the pioneering British newsreel cameraman who at the turn of the century brought home images of battlefield carnage to essays on the British B film and the long forgotten Independent Frame method of film production to new readings of classics such as *The Red Shoes* *Passport to Pimlico* and *Peeping Tom* the authors offer a look behind the scenes of the British film industry and engage the reader in some of the most compelling interpretational and historical issues of recent film history and critical theory In addition the volume contains a number of interviews with such key directors as Stephen Frears Terence Davies Wendy Toye and Lindsay Anderson and also pays particular attention to the work of early twentieth century British feminist filmmakers whose films have often been ignored by conventional film theory and history It also offers new material on the British film noir the English horror film and the pioneering gay director Brian Desmond Hurst Taken as a whole this book presents an entirely new series of viewpoints on British film practice theory and reception and affords a fresh and vibrant view of the British film medium **A Reference Guide to American Science Fiction Films** A.
