The Burning Fountain A Study In The Language Of Symbol:

The Burning Fountain Philip Wheelwright, 1959 The Burning Fountain Philip Ellis Wheelwright, 1968 *The Symbol of Water in the Gospel of John* Larry Paul Jones, 1997-01-01 This study explores the meaning and function of water as a literary symbol in the Gospel of John Jones first gives an account of symbol it points beyond itself it defies clear and definitive perceptual expression and it in some way embodies that which it represents Then he examines the narrative sections of John that involve water plotting the expanding meaning and function of the symbol as the narrative unfolds The study concludes that water serves primarily as a symbol of the Spirit and therein symbolizes Jesus The symbol of water calls a wide variety of readers to a decision and functions as a bridge linking the new identity believers receive when they come to faith in Jesus with the traditions from which they came Norman Perrin's Interpretation of the New Testament Calvin R. Mercer, 1986

Cosmos, Chaos and the Kosher Mentality David Bryan, 2015-01-29 This is an innovative investigation of the puzzling animal imagery found in three 2nd century BCE texts the Animal Apocalypse 1 Enoch 85 90 the Testament of Naphtali and Daniel 7 It urges that a sense of cultural change is required to understand this well known imagery and argues in particular that the mentality underlying the kosher legislation played a significant even if unconscious role in the imagination of the various authors A reading of the Animal Apocalypse is offered which argues that the author utilized the unclean precisely because they represent for him the forces of chaos set in opposition to God Bryan acknowledges that the bizarre creatures of T Naph 5 and Daniel 7 belong to a different kind of imagery Mischwesen but argues that awareness of the influence of the kosher mentality opens up new explanations As mixed creatures they represent a radical break with order They are an intense form of unclean creature and those whom they represent are perceived to be living embodiments of the powers of chaos *Theology of the New Testament* Udo Schnelle, 2009-11-01 Following his well received *Apostle Paul* prominent European scholar Udo Schnelle now offers a major new theology of the New Testament The work has been translated into English from the original German with bibliographic adaptations by leading American scholar M Eugene Boring This comprehensive critical introduction combines historical and theological analysis Schnelle begins with the teaching of Jesus and continues with a discussion of the theology of Paul He then moves on to the Synoptic Gospels the deutero Pauline catholic and Johannine letters and Revelation paying due attention to authorship chronology genre and canonical considerations This is an essential book for anyone with a scholarly interest in the New Testament A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and
