**The Cairngorms, Scene & Unseen** Sydney Scroggie, 2021      Cairngorms Scene and Unseen Sydney Scroggie, 1989-09-01      The Cairngorms Patrick Baker, 2014-05-15 Cairngorms A Secret History is a series of journeys exploring barely known human and natural stories of the Cairngorm Mountains It looks at a unique British landscape its last great wilderness with new eyes History combines with travelogue in a vivid account of this elemental scenery There have been rare human incursions into the Cairngorm plateau and Patrick Baker tracks them down He traces elusive wildlife and relives ghostly sightings on the summit of Ben Macdui From the search for a long forgotten climbing shelter and the locating of ancient gem mines to the discovery of skeletal aircraft remains and the hunt for a mysterious nineteenth century aristocratic settlement he seeks out the unlikeliest and most interesting of features in places far off the beaten track The cultural and human impact of this stunning landscape and reflections on the history of mountaineering are the threads which bind this compelling narrative together      *The Hidden Fires* Merryn Glover, 2023-03-02 Shortlisted for the Boardman Tasker Award for Mountain Literature Elemental fierce and full of wonder the Cairngorm mountains are the high and rocky heart of Scotland To know them would take forever to love them demands a kind of courageous surrender In *The Hidden Fires* Merryn Glover undertakes that challenge with Nan Shepherd as companion and guiding light Following in the footsteps and contours of *The Living Mountain* she explores the same landscapes and themes as Shepherd s seminal work This is a journey separated by time but unified by space and purpose a conversation between two women across nearly a century that explores how entering the life of a mountain can illuminate our own An Australian who grew up in the Himalayas her early experiences of the Scottish hills and weather left her cold But gradually acclimatising and with an approach like Shepherd s that is more mountain wandering than mountaineering she discovers the spark that sets the hills and herself on fire Through Glover s deepening encounter the wild majesty and iridescence of the Cairngorms is revealed in this beautiful evocation of landscape place and identity Shortlisted for The Great Outdoors Reader Awards 2024 Merryn Glover s *The Hidden Fires* is not just brave it is remarkable Sir John Lister Kaye      *The Sunlit Summit* Robin Lloyd-Jones, 2013-08-15 William Hutchison Murray 1913 1996 was one of Scotland s most distinguished climbers in the years before and after the Second World War As a prisoner of war in Italy he wrote his first classic book *Mountaineering in Scotland* on rough toilet paper which was confiscated and destroyed by the Gestapo The rewritten version was published in 1947 and followed by the now equally famous *Undiscovered Scotland* In 1951 he was depute leader to Eric Shipton on the Everest Reconnaissance Expedition which discovered the eventual successful route which would be climbed by Hilary and Tensing From the 1960s onwards he was heavily involved in conservation campaigns and his book *Highland Landscape* commissioned by the National Trust for Scotland identified areas of outstanding beauty that should be protected It proved to be extremely influential In 1966 he was awarded an OBE as he pursued a life of service as is well illustrated by the various posts he held Commissioner for the

Countryside Commission for Scotland 1968 1980 President of the Scottish Mountaineering Club 1962 1964 and of the Ramblers Association Scotland 1966 82 Chairman of Scottish Countryside Activities Council 1967 82 Vice President of the Alpine Club 1971 72 President of Mountaineering Council of Scotland 1972 75 He was a prolific author but a proper understanding of his life and work requires that we appreciate that his driving force was a quest to achieve inner purification that would lead him to oneness with Truth and Beauty For many years the climber author and teacher Robin Lloyd Jones above has been researching the life and work of Bill Murray and working steadily on this biography It is not only a triumph of fine writing and interest but a worthy accolade for this great man      **Wild Voices** Mike Cawthorne, 2014-05-15 The journeys in this book are tales of adventure on foot and by canoe through some of the last wild places in Scotland Each journey is haunted by the ghost of another writer Neil Gunn Iain Thomson Rowena Farre who has left behind the trace of his or her own experience of these isolated hills glens streams or lochs Travelling in time as well as space Mike Cawthorne gains a new perspective on burning contemporary issues such as land ownership renewable energy conservation and depopulation On one level these are exciting and lyrical evocations of wild walks and nature in the raw like the description of winter treks in one of Mike's earlier books *Hell of a Journey* On another level they explore the meaning of Scotland's surviving wilderness to wanderers in the past and its vital importance to us in the present day      **The Nature of Scotland** Magnus

Magnusson, Graham White, 1997 This is an illustrated study of the interdependence of the landscape the wildlife and the people of Scotland It begins with Scotland's violent birth and retells tales of the early hunters who followed the retreating ice and the first farmers who cleared the land and began farming The authors go on to discuss the implicit conflicts in the use of land today and the state of the environment and the other forces which have transformed the landscape and wildlife today
