## **The Breaker The Novel Behind Breaker Morant:**

**The Breaker : the Novel Behind Breaker Morant** Denton, Kit,1981      *The Breaker* Kit Denton,1981-01-01 A fictionalized account of the turn of the century Australian champion horseman balladeer and soldier who was tried and executed amidst lingering doubts for the murder of innocent civilians      *The Breaker* Kit Denton,1982-09-01 A fictionalized account of the turn of the century Australian champion horseman balladeer and soldier who was tried and executed amidst lingering doubts for the murder of innocent civilians      **The Boer War** Fred R. van Hartesveldt,2000-05-30 One hundred years after the Boer War the British continue to debate what went wrong while the war has significant nationalist overtones in today s South Africa This book examines changes in interpretations of the war and provides a bibliography of major sources on the Boer War now sometimes called the South African War The bibliography focuses on the military history but also includes some historical accounts of the political debate The first part of the book provides an extended historiographical essay while part two provides an annotated bibliography of the titles discussed in part one Historiographical questions concerning the Boer War are numerous Discussions of military operations focus on the early use of modern weaponry and the effect of guerrilla tactics on a traditional force while other historians debate the question of British military leadership and organization Questions also revolve around British imperialism and the scramble for Africa Frequently called the second war for freedom by South African authors the war was the reason that South Africa unlike other British colonies gained independence without majority rule This makes the war of continuing relevance to the turmoil in South Africa the collapse of the minority government and the continuing problems of the current government This book will provide a useful tool for those wishing to research the war      *Film and the Law* Steve Greenfield,Guy Osborn,Peter Robson,2010-10-05 Described by Richard Sherwin of New York Law School as the law and film movement s founding text this text is a second heavily revised and improved edition of the original *Film and the Law* Cavendish Publishing 2001 The book is distinctive in a number of ways it is unique as a sustained book length exposition on law and film by law scholars it is distinctive within law and film scholarship in its attempt to plot the parameters of a distinctive genre of law films its examination of law in film as place and space offers a new way out of the law film genre problem and also offers an examination of representations of an aspect of legal practice and legal institutions that have not been addressed by other scholars It is original in its contribution to work within the wider parameters of law and popular culture and offers a sustained challenge to traditional legal scholarship amply demonstrating the practical and the pedagogic as well as the moral and political significance of popular cultural representations of law The book is a valuable teaching and learning resource and is the first in the field to serve as a basic guidebook for students of law and film      **Justice Denoted** Terry White,2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the

principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart, Lisa Scottoline, Margaret Maron, Scott Turow and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *le noir* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers as well as the occasional reader of legal thrillers.

*Beyond The Broken Years* Peter Stanley, 2024-11-01. What does Australia's military history reveal about us? In *Beyond The Broken Years*, fifty years after *The Broken Years*, Bill Gammage's classic on World War One soldiers was published, provocative military historian Peter Stanley argues why it's vital for Australians to understand how our military past has been created. By whom, how and with what consequences? Stanley explores military history and the storytellers from historians Charles Bean, Henry Reynolds, Joan Beaumont and David Horner to storians Peter FitzSimons and Les Carlyon. And grapples with what it means to write military history, its different approaches, the rise of popular writers and much more. He asks readers to consider a genre that plays a central role in the Australian identity but many take for granted. An unflinching and insightful tour through the evolving landscape of Australian war history led by one of the country's most trusted guides. This impressive blend of scholarship and reflection is crucial reading for anyone wanting to understand the place of war in Australian history. Kate Ariotti, University of Queensland. All historians of Australian military history will be indebted to Peter Stanley for this virtuoso commentary on the books of the field, written with his characteristic flair, insight and delight in controversy. Emeritus Professor Joan Beaumont, Australian National University. Peter Stanley's evocation of Australia's military history is not to be missed. Half a century after Bill Gammage's superb book *The Broken Years* was published, Stanley has cleverly drawn on the cream of Australian military historians to underline the key elements of Australia

s military past However it is Stanley s own analysis of the importance of Australia s military past that has given new meaning to the importance of Australians at war Remarkably Stanley has researched 1300 books written by Australian authors since 1974 The result is a gripping overview of our military history that should not be missed The late Tim Bowden AM author radio and television broadcaster producer and oral historian Peter Stanley is surely the military historian s historian This book is an extraordinary achievement both knowledgeable and eminently readable It should take pride of place in any military history library Mike Carlton author broadcaster and journalist In engaging prose and with a light touch Stanley analyses the military history boom of the last fifty years pondering the rise and rise of Anzac commemoration and making a strong claim for better representation of frontier wars at the Australian War Memorial Beyond The Broken Years will be devoured by those who enjoy military history and will endure as the authoritative account of how Australians have understood our experience of war Carolyn Holbrook Deakin University For more than a century Australia s military experience has been central to the nation s identity and the bedrock of understanding that experience has been the published histories academic studies and personal stories Peter Stanley s book is a brilliant erudite and insightful examination of the books that have enlightened strengthened and at times challenged our understanding of Australia s military history in the past fifty years Beyond The Broken Years is a reminder that there are multiple strands to Australia s military history This is not just because Australia continues to go to new wars but also because our understanding of the impact of war continues to grow David Horner Emeritus Professor Australian National University As an exceptional historian and a generous patron and mentor Peter Stanley is ideally placed to analyse the last 50 years of Australian military historiography This brilliant and original book will entertain and inform readers at all levels of expertise Beyond The Broken Years will inspire all readers to read or write more Australian military history Mark Johnston Head of History and Classics Scotch College Melbourne Aficionados of Australia s rich military history will enjoy reading this latest work by prolific military author and historian Peter Stanley Beyond The Broken Years will stimulate reading and further analysis and research on Australia s military history which is important as Australia s military history reveals much about us I commend this book to you Paul Irving MAJGEN Ret d AM PSM RFD Manager Royal United Services Institute NSW Ursula Davidson Library Another Stanley original Inspiring thoughtful provocative and personal this book will have you reaching for your pencil to jot down titles for your next library visit Essential reading for all Australian military history enthusiasts Professor Emerita Melanie Oppenheimer Australian National University and Flinders University A spirited romp through the annals of Australian military history Searching sceptical self reflexive and engaging Peter Stanley vigorously ponders the past and future of the discipline Professor Bruce Scates Australian National University *Kleio* ,1984 **The Marine Corps Gazette** ,1984

**Novel Verdicts** Jon L. Breen,1984 This critical guide is especially noteworthy for its unique and comprehensive coverage of each individual work Each annotation not only provides general information about the author but indicates the proportion

of trial action included in each book A critical bibliography for librarians lawyers and courtroom enthusiasts alike Novel Verdicts is a useful and easy to use reference tool that captures the changes in the law as depicted in courtroom fiction

**The Breaker** Kit Denton,1973-01-01 Australian Crime Fiction Stephen Knight,2018-06-28 Australian crime fiction has grown from the country s origins as an 18th century English prison colony Early stories focused on escaped convicts becoming heroic bush rangers or how the system mistreated those who were wrongfully convicted Later came thrillers about wealthy free settlers and lawless gold seekers and urban crime fiction including Fergus Hume s 1887 international best seller The Mystery of a Hansom Cab set in Melbourne The 1980s saw a surge of private eye thrillers popular in a society skeptical of police Twenty first century authors have focused on policemen and increasingly policewomen and finally indigenous crime narratives The author explores in detail this rich but little known national subgenre More Than Just War Charles A. Jones,2013 This book raises questions about the just war tradition through a critical examination of its revival and by juxtaposing it with a literary phenomenology of war Recent public debate about war has leaned heavily on a just war tradition dating back many centuries This book examines the recent revival of that tradition in the United States and Britain arguing that it is less coherent and comprehensive as an approach to the ethical issues arising from war than is generally supposed and that it is inconsistent in important ways with the theology on which it was originally based A second line of criticism is mounted through close readings of modern texts in English from Britain Australia and the USA that together constitute a more subjective bottom up understanding of the moral dilemmas of military life In this second tradition the task of representing war is seen as more problematic and its rationality more questionable than in just war discourse Works by William Shakespeare Sir Walter Scott James Fennimore Cooper Stephen Crane John Buchan Robert Louis Stevenson Joseph Conrad Tim O Brien and Kurt Vonnegut are featured The book will be of great interest to students and scholars of security studies military studies theology and international relations **The New Diversity** Ken Gelder,Paul Salzman,1989 Comprehensive analysis of Australian fiction of the 1970s and 1980s includes chapter entitled Aboriginality pp 205 242 discussing the retelling of Aboriginal myths the use of Aboriginal English contact narratives and identity within the context of Aboriginal writing **Canadiana** ,1982 **American Film** ,1981 **The Breaker** Kit Denton, **Australian Book Review** ,1994 **Cassette Books** Library of Congress. National Library Service for the Blind and Physically Handicapped,1983 **Braille Books** Library of Congress. National Library Service for the Blind and Physically Handicapped,1986
