**Calligraphers Secret** Rafik Schami,Anthea Bell,2014-01-15 Even as a young man Hamid Farsi is acclaimed as a master of the art of calligraphy But as time goes by he sees that weaknesses in the Arabic language and its script limit its uses in the modern world In a secret society he works out schemes for radical reform never guessing what risks he is running His beautiful wife Noura is ignorant of the great plans on her husband's mind She knows only his cold avaricious side and so it is no wonder she feels flattered by the attentions of his amusing lively young apprentice And so begins a passionate love story of a Muslim woman and a Christian man

*The Shaping Shaikh* Dejan Aždajić,2020-01-20 Islam is more than a system of rigid doctrines and normative principles It is a diverse mosaic of subjective often contradictory interpretations and discrepant applications that prohibit a narrow one dimensional approach This book argues that to uncover this complex reality and achieve a more accurate understanding of Islam as a lived religion it is imperative to consider Islam from the point of view of human beings who practice their faith Consequently this book provides an important contribution through a detailed ethnographic study of two contemporary Sufi communities Although both groups shared much in common there was a fundamental almost perplexing range of theological convictions and ritual implementations This book explores the mechanism that accounts for such diversity arguing for a direct correlation between Sufi multiformity and the agency of the spiritual leader the Shaikh Empirical research regarding the authority by which Shaikhs subjectively generate legitimate adaptations that shape the contours of religious belief are lacking This study is significant because it focuses on how leadership operates in Sufism highlighting the primacy of the Shaikh in the selection and appropriation of inherited norms
