( a NEW EDITION )* By: *Geoffrey Chaucer and Thomas Tyrwhitt (ILLUSTRATED)* Geoffrey Chaucer,Thomas Tyrwhitt,2016-06-19 The Canterbury Tales Middle English Tales of Caunterbury is a collection of 24 stories that runs to over 17 000 lines written in Middle English by Geoffrey Chaucer In 1386 Chaucer became Controller of Customs and Justice of Peace and three years later Clerk of the King s work in 1389 It was during these years that Chaucer began working on his most famous text The Canterbury Tales The tales mostly written in verse although some are in prose are presented as part of a story telling contest by a group of pilgrims as they travel together on a journey from London to Canterbury in order to visit the shrine of Saint Thomas Becket at Canterbury Cathedral The prize for this contest is a free meal at the Tabard Inn at Southwark on their return After a long list

of works written earlier in his career including Troilus and Criseyde House of Fame and Parliament of Fowls The Canterbury Tales is near unanimously seen as Chaucer's magnum opus He uses the tales and the descriptions of its characters to paint an ironic and critical portrait of English society at the time and particularly of the Church Chaucer's use of such a wide range of classes and types of people was without precedent in English Although the characters are fictional they still offer a variety of insights into the customs and practices of the time Often such insight leads to a variety of discussions and disagreements among people in the 14th century For example although various social classes are represented in these stories and all of the pilgrims are on a spiritual quest it is apparent that they are more concerned with worldly things than spiritual Structurally the collection resembles The Decameron which Chaucer may have read during his first diplomatic mission to Italy in 1372 It is sometimes argued that the greatest contribution The Canterbury Tales made to English literature was in popularising the literary use of the vernacular English rather than French Italian or Latin English had however been used as a literary language centuries before Chaucer's time and several of Chaucer's contemporaries John Gower William Langland the Pearl Poet and Julian of Norwich also wrote major literary works in English It is unclear to what extent Chaucer was responsible for starting a trend as opposed to simply being part of it While Chaucer clearly states the addressees of many of his poems the intended audience of The Canterbury Tales is more difficult to determine Chaucer was a courtier leading some to believe that he was mainly a court poet who wrote exclusively for nobility *Chaucer's Canterbury Tales* John Saunders, 2015-06-28
