The Essentials of Political Analysis Philip H. Pollock III, Barry C. Edwards, 2019-08-06 Pollock and Edwards explain the nuts and bolts of research design and data analysis in a clear and concise style. The Essential of Political Analysis is an intuitive introduction to complex material replete with examples from the political science literature that add relevance to statistical concepts. This text offers students an excellent balance between the technical and the practical. Francis Neely San Francisco State University Gain the skills you need to conduct political analysis and critically assess statistical research. In this Sixth Edition of The Essentials of Political Science bestselling authors Philip H. Pollock III and Barry C. Edwards build students analytic abilities and develop their statistical reasoning with new data, fresh exercises and accessible examples. This brief, accessible guide walks students through the essentials: measuring concepts, formulating and testing hypotheses, describing variables while using key terms, chapter opening objectives, over 80 tables and figures, and practical exercises to get them using and applying their new skills. Using SPSS, STATA or R, Discounted package deals available with Philip H. Pollock's companion workbooks. Give your students the SAGE edge. SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study and further exploration, keeping both instructors and students on the cutting edge of teaching and learning.

Visualizing Social Science Research Johannes Wheeldon, Mauri K. Ahlberg, 2011-07-12 This introductory text presents basic principles of social science research through maps, graphs and diagrams. The authors show how concept maps and mind maps can be used in quantitative, qualitative and mixed methods research using student friendly examples and classroom based activities. Integrating theory and practice chapters show how to use these tools to plan research projects, see analysis strategies and assist in the development and writing of research reports.
