What is a fart? Do all creatures fart? Why do farts smell? Why do we find them so embarrassing and so darned funny? Broadcaster and obsessive fartologist Stefan Gates tackles these pressing issues in *Fartology*, the first ever book to take a comprehensive scientific look at the body's extraordinary methane-making abilities. Stefan looks at the journey from food to fart, the weird science behind intestinal gas, the sounds, smells, and all things in between. With farty recipes, musings on the greatest farters in history, farts in literature, and fart euphemisms, *Fartology* offers mind-blowing trouser-exploding fun for all the family.
